SUMMARY

Detail-oriented and driven computer engineering student with hands-on experience in web development, UI/UX design, and digital marketing. Skilled in HTML, CSS, JavaScript, and Figma, with a passion for creating intuitive user experiences. Adaptable across project management, web development, and design roles. Worked on an AI-powered final-year project integrating audio analysis and visual art generation.

EDUCATION

Bachelor's Degree in Computer Science Engineering	2021 - 2025
Shree Rayeshwar Institute of Engineering and Information Technology, 7.04 CGPA	
Pre University	2019 - 2021
MES Higher Secondary School, 74%	
High School	2006 - 2019
St. Theresa's High School, 88%	

WORK EXPERIENCE

Vanillakart	Nov 2023 - Oct 2024
Multi-Disciplinary Intern	
<ul style="list-style-type: none">Developed responsive websites using HTML, CSS, and JavaScript.Enhanced user experience and load times through SEO and performance optimization.Created and implemented digital marketing campaigns across social media platforms.Contributed to software projects with clean, efficient code.Coordinated tasks and timelines to ensure smooth project delivery.Collaborated with design and development teams for cross-functional success.	

Fluxactic Global	Jul 2024 - Aug 2024
Technical Intern	
<ul style="list-style-type: none">Learned and applied UI/UX design principles to create user-friendly interfaces.Utilized Figma and other design tools to develop prototypes and wireframes for various projects.Conducted user research and usability testing to inform design decisions.	

SKILLS

Technical Skills: HTML5, CSS3, JavaScript, Responsive Web Design, Bootstrap, UI/UX Design Principles, Adobe Photoshop, Canva, Data Structures and Algorithms, DBMS (MySQL, Oracle), Manual Testing, Bug Reporting, Test Case Writing.

Soft Skills: Problem Solving, Adaptability, Time Management, Critical Thinking, Handling Criticism, Communication Skills, Team Collaboration, Attention to Detail, Strategic Planning, Logical Reasoning

PROJECTS

Student Management System
<ul style="list-style-type: none">Built a web-based database system for managing student records, attendance, and grades.
Restaurant Management System
<ul style="list-style-type: none">Developed a database solution to manage restaurant operations (customer orders).
Picturing Konkani Ballads Using AI
<ul style="list-style-type: none">Developed an AI-powered system that transforms Konkani ballads into digital artwork.Integrates audio property extraction, lyric summarization, and AI-driven image generation.Aims to preserve and visualize traditional music through modern technology.
